In 2021 your support made it possible for us to host seven virtual events, two Language Trivia Night fundraisers, and continue with exciting new initiatives aimed at supporting language teachers and learners. Our new mission statement reflects these goals:

The National Museum of Language honors and supports language acquisition, utilization and preservation, along with linguistic and cultural diversity. Through our outreach activities and online resources, we celebrate the magic and beauty of human communication.

Looking to the future

These new exhibits are under development:

- The Power of Poetry: Resisting Injustice with Language
- A Language Cruise to Puerto Rico
- Hawaiian Language Preservation
- Language Lesson Plans

NML's Language Leadership Council now includes liaisons from 26 states, one territory and three countries.

You can help the Museum bring the world to your door by volunteering your talents, becoming a member or renewing your membership.
